H. B. M. S. HYACINTH IN PORT.

Steamers All the Way from Esquimalt. List of Officers.

Early this morning H. B. M. S. Hyacinth, which has been hourly expected here, to relieve H. B. M. S. Champion, was telephoned off port, and at 8 o'clock she dropped anchor on the Ewa side of the Champion in the harbor. The Hyacinth left Esquimalt, B. C., on Thursday, August 11. She had a very monotonous passage, meeting with hardly any trade winds, consequently she had to steam all the way. At 2 o'clock this morning the Hyacinth spoke the S. S. Mariposa bound to San Francisco off port, and transferred her mails to her. The Hyacinth is a screw cruiser of the third class of 1420 tons and 1190 horse power. She carries eight guns, but is not a saluting ship. She is on her annual cruise and after making a stay of about two months will proceed to the Marquesas Islands, providing she is not detained here. The Hyacinth was here last in April and May of 1893, and since she has been away three officers bound on board have left the ship. These are Lieutenants Manning and Humphries, who were favorites among society people here, and Dr. South. The last named has been transferred to the H. B. M. S. Minister Willis had recognized the Republic, and that Congress had also done the same.

From the same source it is learned that the first-class battleship Royal Arthur will call here in October.
